Stromboli's proudly uses an authentic brick oven and *hand-tossed dough*. We believe hand-tossed dough is more flavorful, tender and chewy than machine-pressed or frozen dough. In short, it tastes the way a true NY-Style pizza or stromboli tastes. For dessert try the gelato, an Italian ice cream that's rich, dense and creamy, or the sorbetto, made with real pureed fruit and fat free. Both are all natural and come in a variety of amazing flavors.

Stromboli's is proud to be an independent restaurant (*not part of a national chain*), locally owned and operated by Ken Stauffer and Robin Morrissey-Stauffer. *We sincerely hope you enjoy your meal and come back with many friends!*
